

Bord tal-Inġiniera 01/24

MCAST and the Administrative Pass system

The Inġiniera Board would like to make it very clear that from the very beginning of being informed by MEYE and MCAST that they were considering adopting the system of APs it expressed its unequivocal objection to alumni in the B.Eng (Hons) courses terminating their studies with APs. This position was taken by a unanimous decision by Board members present and was based out of respect of the students involved but also not to jeopardise and emphasize the importance of all the work done to bring all B.Eng(Hons) courses at MCAST in line with Act 321 of the Laws of Malta which regulates the profession.

Board Meeting – 8th July 2024
